## **INTRODUCTION - JAEDON GIBSON ANIMAL HEALTH ADVISOR - LOWER SOUTH ISLAND**

---

Hi, my name is Jaedon, and I am the AHD Animal Health Advisor/Sales Rep for the Lower South Island.

### **ABOUT ME**

---

I grew up in South Canterbury in the small farm community of Seadown just north of Timaru where we lived on a sheep and cereal crop farm, so I have been around livestock most of my life.

I have been in the agriculture industry since moving to Alexandra approx 5 years ago where I enjoy helping farmers with the best advice to suit their particular farming operation.

We are 100% New Zealand Owned and Operated and we are proud to offer competitive pricing on our full range of Animal Health Products.

Please feel free to contact me about what AHD could do for you. I would love the opportunity to come on-farm and have a chat.
